FROM: [REDACTED]

UIS Annual Conference

STAT

This is to express our deepest appreciation for the 1986  
UIS Annual Conference which was held on 21 and 22 May 1986.

Having the privilege of attending the first day only and  
hearing from those attending the second day, both within the  
DCI Area and other components, this conference should be  
recorded as the "best one" of all.

In post discussions there was unanimous consensus by all  
attendees that the subjects and presentations by the Conference  
Coordinators, The Keynote and Guest Speakers were "superb".

For the next conference, we recommend that the Keynote  
Speaker's presentation be taped. It could then be played for  
those attending the 2nd day and made available to those who  
were unable to attend at all.
